**Hague Housing Authority** has a one bedroom senior (60+) suite available for rent. Please call the Manager, Karen Bortnak, for details at 306-225-5882 or 306-227-6556.

We ask residents to keep a clear path to their water meters to ensure safe access for our Public Works Dept. to record their readings. *We appreciate your efforts!*

### Parking / Snow Clearing:

Trailers, campers and unlicensed vehicles **MUST** be removed from the streets and alleys to enable town personnel to adequately remove snow. As per Bylaw No. 2007-08 no vehicle may be parked at one place for more than 48 consecutive hours.

#### **Extension cords are your own responsibility.**

It is difficult for public works to see the cords while they are blowing snow. Piling snow in the alleys is not allowed due to emergency reasons and preventing spring thaw problems for yourselves and others. Do not pile snow on the streets due to liability issues: obstruction for drivers, attraction of kids to play in dangerous locations!

### For Your Information: Carbon Monoxide Alarms

Regulations under *The Uniformed Building and Accessibility Standards Act* (the UBAS Act) and the *National Building Code of Canada, 2010* (NBC 2010) require the installation of a carbon monoxide alarm in buildings where people sleep AND where the building contains a fuel-fired appliance, an attached garage, or a solid-fuel fire appliance like a fireplace or wood stove. Buildings that meet these requirements include houses, apartments, condominiums, nursing homes, hospitals and jails.

To learn more about these regulations and to read other building advisories, visit Building Standards Advisories in the Government of Saskatchewan's Publication Centre.
