**Compost program** will continue until compost starts freezing in the barrels. **Do not place compost on the ground!** Branches, corn & sunflower stalks are to be placed beside the bins. Public Works will be around later in the day to pick them up.

### Winter is **FAST** approaching!

To ensure snow can be cleared, please remove unlicensed vehicles, camper & trailers from the street.

### Attention Hague Residents!

Sewer Disposal Concerns: Products that are described as flushable are not disposable in our type of sewer system - they plug the lines. The following examples should not be put down the drains:

- Coffee Grounds
- Condoms
- Fat/Grease/Oils
- Hair
- Paint
- Wipes (of any kind)
- ANY Feminine Hygiene Products

**Your cooperation is very much appreciated!**

Fun for Seniors

**Hague Senior Group**

Announcing a Soup and Pie supper for all age 60+ people.

**Thurs, Oct. 13<sup>th</sup> at 5:30pm**  
**Hague Municipal Hall**

The plan for the evening is to have a full discussion about the future of our Senior group. Virtually all Committee Members terms have expired and in many cases they are not willing or able to continue in their roles. We will need people to either get elected as Committee members, or else for people to volunteer. If new leadership people do not come forward then this October supper will be our final function! For more information, call 306-225-4546

*Invite your eligible age 60+ friends!*  
**COME OUT. DISCUSS. STEP UP**

**Tips to Prepare for the Winter Freeze**

- Furnace has been inspected & serviced by a qualified professional during the last 12 mths
- Chimneys and vents have been cleaned and inspected by a qualified professional
- Wood for fireplace / wood stove is dry, seasoned wood
- Fireplace screen is metal or heat-tempered glass, in good condition & secure in its position in front of the fireplace.
- Cover metal container ready to use to dispose cooled ashes (keep 10 feet from the home & buildings)
- Test smoke alarms and make sure they are working. They are needed on every level of the home, inside each sleeping room and outside each separate sleeping area. Best protection, interconnected so when one sounds, they all sound.

**Tested carbon monoxide alarms and made sure they are working. Located outside each sleeping area and on every level of the home.**

**Halloween Safety Tips**

- reflective tape on the back & front of costumes, so drivers can better see your child
- make/buy costumes in light-colored material
- use face make up instead of masks so children can see around them.
